

4.0 RESPONSE TO COMMENTS

The DEIS for the Allegany Wind Power Project was accepted as complete by the Lead Agency on February 24, 2010, and copies of the DEIS were subsequently delivered to involved/interested agencies and individuals, and posted to a website managed by Allegany Wind, LLC (www.alleganywindfarm.com). Opportunities for detailed agency and public review were provided during the DEIS public comment period (February 24, 2010 through May 3, 2010), including a public hearing conducted by the Lead Agency on April 21, 2010 at the Allegany Town Senior Center (3790 Birch Run Road, Allegany, NY). All substantive written and oral comments received during the DEIS public comment period are summarized and addressed in FEIS Sections 4.1 through 4.18. In addition, Table 1 (Comment Index) below provides specific information for all substantive written and oral comments, including the comment source, topical category, and FEIS Section. Digital (PDF) copies of the written comment letters and the public hearing transcript are provided in FEIS Appendix N.
